Onur Ravli Full-Stack Developer

onur@onurravli.com • onurravli.com • linkedin.com/in/onurravli • github.com/onurravli

Summary

I am experienced in full-stack development with proficiency in TypeScript, Python, and Java. I have worked with various backend and frontend tools, including Node.js, Express.js, Spring Boot, Django, React.js, React Native and Next.js. Now, I am currently seeking opportunities to further develop my skills and contribute to innovative projects within the tech industry.

Experience

Acanio LLC *(Orlando, Florida, USA)* — Remote
Full-Stack Developer — February 2025 – Present
- Contributing to company's products, including a web application, using JavaScript, TypeScript and React.
- Collaborating with designers to implement new features and improve the user experience.
- Fixing bugs and improving the codebase.
- Writing unit tests and learning test-driven development practices.
- Participating in code reviews to learn modern best practices from senior developers.

Doc Design and Informatics Ltd. *(Istanbul, Türkiye)* — Remote
Full-Stack Developer — March 2024 – November 2024
- Development of both backend and frontend software for .DOC and its clients primarily using Node.js, Strapi.js, React.js, Python, and PostgreSQL.
- Writing both unit and integration tests for codebases.
- Reviewing code and maintaining legacy code to ensure consistency.

JotForm *(Ankara, Türkiye)* — Remote
Summer Intern — August 2023 – September 2023
- Development of a revision history system for their product, Jotform Approvals, with my team, Jr. Source, as an internship project using Node.js, React.js, SCSS, PHP, and MySQL.

Üstünova Engineering *(Ankara, Türkiye)* — Ankara, Türkiye
Summer Intern — July 2023 – August 2023
- Frontend development of a dashboard and a control panel for an EV charging station software, Electr-INN, using Next.js, Node.js, and Django.
